

Leonardo da Vinci

Explore Leonardo da Vinci's life, Renaissance times and artworks in this study day to celebrate his 500th anniversary. We will explore Leonardo's polymath interests and focus on examples of his drawings, paintings and notebooks.

This study day coincides with the exhibition of Leonardo's drawings at the Queen's Gallery, initially in London and then in Edinburgh.

On 4th November the Picturehouse Cinema in Cambridge is showing LEONARDO: THE WORKS, which presents every single attributed painting in Ultra HD quality – something never seen before on the big screen.

Leonardo da Vinci: Renaissance Artist
